## Profile

System Administrator with a Master's in Electrical and Computer Engineering, recently certified as an AWS Developer - Associate. Gaining experience with cloud computing, automation, and infrastructure as code using tools like Terraform, Ansible, Docker, and AWS services. Familiar with CI/CD pipelines and configuration management, with a solid foundation in web development using NextJS, Typescript, Python, and Flask. Excited to apply my growing DevOps skills and technical expertise in a challenging environment. Explore my projects and experience on my GitHub profile and portfolio at [ivanravic.com](https://www.ivanravic.com).

## Education
